

# Parent Newsletter

Friday 24<sup>th</sup> January 2020

Dear Parents,

## Our Christian Value this half term is:

### Courage

As Christians, we have the courage to believe that God is always with us.

This belief gives us the strength to face danger, overcome fear and make a stand for what is right. In our prayers, we can ask God to give us the strength to be courageous in our lives and to make the right choice.

### New Hedging **IMPORTANT**

Dear Parents/Guardians,

We should like to inform you of a new funding initiative here at HSM. As you might be aware, the front playground hedging is quite sparse and we need a new hedge planting in the field where the temporary orange fencing is. Therefore the Eco Council would like to raise money to facilitate new hedging. In aid of this project, HSM kindly asks you to donate £2 (per child) to the cause. Your child/children will be given a tag/luggage label to write on their name and a message of their choosing. All tags will be hung onto the new hedging in recognition of the donation. Please return the label and donation as soon as possible so that we can then purchase the seeding and plant it ASAP.

**Yours In Anticipation,  
 Hoole St. Michael Eco Council**

### Discovery

Discovery class have completed all of their stay and learn sessions. "We're working on our non-chronological reports with the theme of explorers" quoted Mrs Lever, the Discovery class teacher. They have also been working on place value in maths.

### Atlantis

Looking about how life is different now to the era when Jesus was alive. In maths, Atlantis have been exploring arrays. During English lessons, they have been writing a report about explorers, due to a letter from Tarleton Library they are now doing the second bit (about Neil Armstrong) that will help them in the creation of the final piece.

### Enterprise

In English and Topic, Enterprise have been very busy learning all about Water horse, funny learning can be modelling, writing or reading! They have also been very busy in maths doing division by splitting calculations and also doing counting backwards and forwards games. Lastly, Enterprise have been learning to 'walk like an Egyptian' in PE lessons, which sounds like fun to me!

### Endeavour

In maths, our class 4 children have been exploring dividing fractions by whole numbers and have even made a rule to help when calculating! Meanwhile, Year 4 have been working on area and perimeter of shapes in practical context. They have also been learning how to write a speech in preparation for the TARDIS cluster public speaking competition. "We have also been continuing our work on Baghdad in 900AD, this week about the house of wisdom," said Jude Harrison from Endeavour class. To conclude, Endeavour have also been drawing in the style of Dave McKean and working on shading and the cats from the book Varjak Paw.

Learning update by Jude.
