

Sparks Might Fly!

English

Our half term of English will begin with a dive into Explanation texts. We will be looking at the features used in this text before writing, recording and publishing our explanation text for others to watch.

We then move on to Phillip Pullman's 'Firework maker's daughter'. We will be using this as our theme novel to guide our own adaptations of the story.

We will finish the half term with film and play scripts. We will be learning the features and having a go at writing our own!

Christian Value - Thankfulness

R.E

In R.E we will be looking at proverbs and Harvest.

Maths

In Maths this half term it's all about place value, addition and subtraction. We will be recovering what we can remember from last year and adding this year's objectives.

History

In History this half term, we will be learning about the industrial revolution and all the exciting inventions we still use today that came from that period in History.

P.S.H.E

This half term we will be looking at being our best selves, the importance of self-worth and having a growth mind set.

Science

This half term it is Electric! We will be learning all thing Electricity. We will be learning what electricity is, how it moves and most importantly the dangers of electricity. We will investigate different sources of electricity, its conductors and insulators.

The children will be using practical equipment to build a circuit and to find faults in circuit.

DT

In DT we will be using our science knowledge to design and build a torch.

French

This half term we will be learning our greetings and beginning to learn our numbers to 10.
