Head Teacher's Responsibilities and Duties as Premises Manager of their School

Introduction

All LCC occupied buildings must designate a person to be responsible for ensuring that all necessary premises management duties are carried out and records are kept for that building e.g. water hygiene

management regimes; asbestos survey reports, associated plans, etc. In the case of schools within the County Council, the Director for Children and Young Persons has determined that the Premises Manager is the Head Teacher. The Head Teacher, as Premises Manager, may delegate duties to others but will still retain overall responsibility.

Responsibilities and Duties

It is the responsibility of the premises manager to ensure that arrangements are in place to manage all aspects of the school premises in compliance with the County Council's Premises Management Guidance and Record document and the Fire Safety Log Book including necessary inspection and maintenance regimes in relation to:

Where this is the case the Head Teacher, as the Premises Manager, is responsible for making suitable arrangements with competent contractors which must be to at least to the same standard as those operated by Property Group. This school buys into the Diocesan 'Total Property Management' but still maintains the Statement of Compliance.

Other responsibilities include:

- Ensuring that appropriate documents in the Premises Management Guidance and Record are brought to the attention of any contractors etc working on site e.g. the Asbestos Survey Report;
- Ensuring that all staff are made aware of the arrangements for managing the above premises matters and the related records as held in the Premises Management Guidance and Record to the extent to which they may affect their work or responsibilities;
- Ensuring that communication and co-operation is established between all occupants if the school is shared with other users, regardless of who owns the building.

The Premises Management Guidance and Record for the school will be subject to Internal Audit by the Health, Safety & Wellbeing (Systems & Audit) Team.
