

## Endeavour Class Prayer 2022

Lord, our God,

Thank you for our amazing family and friends. Thank you for our houses, our warm beds and all the things we have. Thank you too, for our pets that bring us so much joy. We thank you that we have amazing bodies that are healthy and smart.

We are sorry for the times when we hurt the world you have made. We know we waste so much of the precious things you have given us and we are harming our planet. We are also sorry for the times when we shout at our parents, we are rude or make others sad.

We pray for the new King. Please surround him your wisdom and strength. We pray for those at war and that the conflict in Ukraine will end soon. Be with those that are homeless, let them know we care for them. Help us to look after the amazing world that you gave us and protect our planet.

In Jesus name we pray,

Amen
