

Enterprise Newsletter spring 1 2023

Happy New Year! Welcome back 😊 We hope you have all had a wonderful Christmas break. Thank you for all your kind gifts, we were very spoilt!

Our new topic is 'Rock and Roll' and it will be a great one! In history, we will be heading back to the Stone Age and learning about life as a hunter-gatherer. In geography, we will be learning about earthquakes and volcanoes. In science, we will be observing different kinds of rocks and in music we will be rocking out with rock music through the decades! As well as lots more!

Have a look at our topic web for more detail on the school website: Classes ➡ Enterprise- ➡ what's new? It is also on Dojo for you to see.

Reading:

Our focus on reading is to build **fluency**, **confidence** and **pleasure**. We will continue to do this through our John Murray reading sessions and class novel time. **We ask that your child continues to read every night that you record this in the reading record book.** Books will be changed Mondays and Thursdays. If you need more books at another point just ask 😊 **It is vital for your child's progress that your child reads every day at home.**

Thank you to everyone supporting homework, it makes a huge difference.

Times Tables, Maths Homework and Spelling:

- Please continue to play TTRS 😊 Ask if you need login support. We will sort out the new children with logins next week.
- Maths and SPAG homework will go home/set on a Monday.
- Spellings will be sent out every Friday. These will be based on the spelling rules taught that week. **Tests will be the following Friday giving all children the full week and weekend to learn their spellings.**

PE:

Please ensure your child has their labelled PE kit in school (including pumps/trainers that fit).

- **Wednesday:** Basketball with Mrs Horn.
- **Friday:** Invasion games with Mrs Lever.
- **Daily:** Daily skip!!

As always, our door is always open and you are welcome to come and speak with us. Our Class Dojo is checked daily and any messages answered as quickly as we possibly can.

Thank you for all your support,

Mrs Horn, Mrs Lever and Team Enterprise!
