

Enterprise Newsletter spring 2 2024

Spring term two, already!

Our new topic is 'Walk Like an Egyptian' - another exciting unit! We are heading back to ancient Egypt and learning about life on the banks of the Nile. We are going to be using history to influence our English and write our own information texts using all the knowledge we have gained. We are also going to be performing our own version of the Easter story for you called 'The Three Trees' so there will be lots of rehearsals and exciting preparations going on until our performance evening!

Have a look at our topic web for more detail on the school website: Classes → Enterprise-what's new? It is also on Dojo for you to see. →
