

Bold *Christian Values* **Resilience** **Strong Relationships** **Active Learners** **partnership**

Courageous **Confidence** Thirst for knowledge **Growth Mindset** SUMO Forst School **Enrichment**

English: Bold Adversity Empathy Friendship

Our travels this year continue with a trip to the Amazon rainforest with the novel *The Explorer* by Katherine Rundell. Children will be considering how Rundell develops **bold characters**, settings and plots to move the **action** along. We will also explore the theme of friendship. Later in the term, we will be exploring how to conserve the Amazon rainforest. We will explore persuasive writing and create our own pieces based on the future of these special places.

Empathy Adversity Loyalty

Maths: Confidence, Resilience, Active Learners

Maths will Year 5 continue their work on area and perimeter, before delving further into shapes, both 2d and 3d. We will then be considering the volume of shapes. Alongside this, in our fluency sessions, we will be using the NCETM progression in fluency to solidify our knowledge of fractions. Year 6 will be focusing on algebra and ratio too.

Geography: Active learning Thirst for Knowledge Respect

We will be exploring the physical and human geography of the Amazon! Starting with the physical geography, we will be locating the continent using words such as hemisphere and tropics. Moving to the human geography, we will be looking at settlements in the forest area and how they are influenced by the Amazon River.

Key vocabulary: regions, hemisphere, tropics, equator, rainforest, biomes, tributary, ecosystem, satellite, mouth, source, water cycle

Christian Value

Friendship and Respect

R.E

St Paul - How did the news of the resurrection spread around the world?

Enrichment - Pentecost Party

P.S.H.E

Keeping Safe and Happy Minds

British Value

Rule of Law/Proud to be British

Science: Active Learners Knowledge Forest School

This half term we will be **outside** planting! We will be **learning** all about the different ways in which plants reproduce. Our lessons will see us **dissecting spring flowers**, learning the names of the different reproductive parts and creating diagrams to **explain our thinking**. We will also look at other ways that plants reproduce by growing strawberries and potatoes. Finally, we will be taking cuttings, **learning the optimum conditions** needed to grow cuttings successfully.

Art and DT: Thirst for Knowledge Resilience

We will be discovering what sort of tourist gifts are available as visitors arrive at the Amazon rainforest. After we have explored the products already out there, we will be learning different kinds of stitches to join material together to make a hessian tree frog. Art : architecture and how we can design a better world.

P.E: Active Learner, Bold, Partnerships Respect

Rounders - Bold, Active Learner Gymnastics - Partnerships

Music: Dancing in the Street

ICT: Partnerships and Active Learners

Creating media - introducing vector graphics

French: Thirst for knowledge - Sports - saying our preferences
